---

Sure, that sounds good! I'll be in all of this week. So we should be able to find time to touch base. Thursday should work – I have free time in the afternoon.

Thanks Miranda,

I've been in and out a lot over the last couple of weeks, but I'll be going out to Seattle tomorrow for the OR Temperature TMDL meeting on Wednesday. I'm planning on reading the latest draft on the plane out, and maybe we can catch up while I'm there if I have any comments. I'm going to go in to the Regional office on Thursday if you'll be in.

Subject: Deschutes draft decision document revision

Hello,

Thank you helping with the review of the draft Deschutes TMDL decision document. Your thoughts and comments were very helpful, and I appreciate all of your time and effort with this! I have worked through the comments and made edits to reflect your feedback. I'm sharing the document back out with you so you can check that I sufficiently addressed your concerns, and to make sure there are not any more outstanding high-level concerns with the document. After this point, we will start the management review and concurrence process for issuing our TMDL action.

To simplify this review, I only kept track changes where there were significant content changes (I tried not to keep reorganizational and editorial changes). I also greyed out and/or deleted comments that have been addressed or don't need further attention. I kept comments active where I think it would be a good idea for you to double check that I sufficiently addressed your concerns. I'm asking that you have this review done by next Friday 6/8. Here is the link to the document:
